

ARTI SUNIL DIKOLE
B.E. - Computer Science & Engineering
Ph: +91-7796019480
Email: artid.sae.comp@gmail.com
Pune, Maharashtra, India - 411048
LinkedIn: <https://www.linkedin.com/in/arti-dikole-1a470724b>

BRIEF SUMMARY

A highly motivated Computer Engineering student with a CGPA of 8.10, possessing a strong foundation in programming, web development. Proficient in Java, HTML, CSS, JavaScript, SQL, and data structures, with hands-on experience in web development and software testing. Passionate about problem-solving and innovative technologies, with a keen interest in AI. Demonstrates leadership as an event head and placement coordinator, managing student recruitment processes and industry collaborations. Eager to apply technical skills and knowledge in a dynamic, growth-oriented organization.

KEY EXPERTISE

HTML CSS JavaScript DBMS(Basic) SQL OS-Windows OOPs JAVA DSA(Intermediate) AWS(Basic)
Tools - Git, Windows, Ubuntu, Linux CN

EDUCATION

Sinhgad Academy of Engineering B.E. - Computer Science & Engineering CGPA: 8.10 / 10	2021 - 2025
Walchand College of Arts & Science , Solapur, Solapur 12 th MSBSHSE Percentage: 92.67 / 100	2021
K. S. B patil vidyalaya, Angar, Solapur 10 th MSBSHSE Percentage: 90.40 / 100	2019

AWARDS AND SCHOLARSHIPS

- MTS, NMMS in school

INTERNSHIPS

YHills IT / Computers - Software Key Skills: HTML, CSS, JAVASCRIPT, BOOTSTRAP Internship in Web Development at Yhills Ltd.It gives hands on project experience.	01 Jan, 2024 - 28 Feb, 2024
---	-----------------------------

PROJECTS

NOISE REDUCTION IN WEB DATA: A LEARNING APPROACH BASED ON DYNAMIC USER INTEREST Team Size: 5 Key Skills: Machine Learning (LSTM, RNN) Python/ML Libraries Software Development Problem-Solving Web Data Mining Developed and implemented an LSTM-based noise reduction system to improve the quality of web data by eliminating irrelevant content. Led the design and development of a machine learning algorithm that adapts to dynamic user preferences and evolving web content, enhancing data accuracy and usability for downstream applications. The system effectively processed time-series data, improving noise reduction precision while maintaining computational efficiency. The project contributed to advancing web data processing by providing a scalable and adaptable solution that significantly enhances decision-making and information extraction.	15 Jul, 2024 - 01 Apr, 2025
Terris Game Key Skills: HTML CSS JAVASCRIPT Problem-Solving Creativity Project Link: https://github.com/DikoleArti/Tetris-game.git Developed a Tetris game using HTML, CSS, and JavaScript. Implemented game logic, including block movement, rotation, and line clearing. Designed user interface elements using CSS for styling. Utilized JavaScript for game mechanics and interactivity, including scoring and level progression.	
Testing Login Page of www.github.com using Selenium Through Java Team Size: 4	

Key Skills: Java Selenium Jar Test Frameworks Browser Automation HTML/CSS Basics Analytical Thinking

Developed and executed automated test cases for the login functionality of GitHub (www.github.com) using Selenium WebDriver and Java. The project aimed to ensure the reliability and user-friendliness of the login process through comprehensive testing strategies.

PUBLICATIONS / RESEARCH / WHITE PAPERS

NOISE REDUCTION IN WEB DATA: A LEARNING APPROACH BASED ON DYNAMIC USER INTEREST 05 Oct, 2024

International Research Journal Of Modernization in Engineering Technology and Science | **No. of Authors: 5**
Published "Noise Reduction in Web Data: A Learning Approach Based on Dynamic User Interest" in IRJMETS, emphasizing machine learning techniques for adaptive content curation. Designed algorithms to model dynamic user interests, reducing irrelevant data for enhanced user experiences. Applied large-scale data training to distinguish valuable information, content delivery.

ACHIEVEMENTS

- 4th Rank in Chess Tournament
- Representing college in Chess at University Level

ASSESSMENTS / CERTIFICATIONS

Java Programming

Key Skills: OOP Java Basics

SQL amd Database Management

Key Skills: SQL Queries

Core Java Programming

Key Skills: Inheritance Java Fundamentals

Data Structure and Algorithms using Java

Key Skills:
Fundamentals of Data Structures Algorithm Design and Analysis Searching and Sorting Algorithms Trees and Graphs

Cybersecurity for Everyone

Key Skills: Network security,Encryption techniques, Firewall administration,etc

POSITIONS OF RESPONSIBILITY

Event Head

Handling Recruitment process of student club of Computer department named as ACES. These event I handled successfully as Event-Head with my co-head. These shows that I am a team person.

Placement coordinator

Leading the placement coordination team for the past 2 years, facilitating campus recruitment drives, and managing relations with industry partners.

SEMINARS / TRAININGS / WORKSHOPS

Cyber security Workshop Institute Name: TechnoHacks Solutions Pvt. Ltd 28 May, 2024 - 29 May, 2024

Key Skills: Network security, Firewall administration, Encryption techniques, etc.

AI Tools

Institute Name: Be10X

Key Skills:
Information about AI Tools AI Tools Proficiency Problem-Solving and Critical Thinking Time Management and Productivity

Joining Be10X workshops helps to build valuable skills in AI and productivity. I learned how to effectively use ChatGPT for prompt engineering, analyze data with Power BI, and master Microsoft Office tools like Excel and PowerPoint. These workshops also focus on enhancing your problem-solving and time-management. Also, I earned certification that can boost my professional credibility.

Edunet Techsaksham Course

Institute Name: Edunet Foundation

Key Skills: Working of Linux Linux on VirtualBox Cloud Computing Importance

VirtualBox is a cross-platform software that allows users to create multiple VMs and run different operating systems simultaneously. Linux on VirtualBox is a way to run Linux on a virtual machine (VM) using Oracle VM VirtualBox. Cloud Computing helps businesses become more flexible, efficient, and innovative.

PERSONAL INTERESTS / HOBBIES

- o Creative listener, Active news listener/reader, Drawing, Chess
